Clients who trust our services:

GALAXY PARK

WHERE FUN AND QUALITY MEET

Duckpin Bowling incorporates high-quality identical bowling equipment, including a string pinsetter, controller, lanes, and masking units, currently used in thousands of bowling centers worldwide.

VERSATILE

Ideal for Restaurants, Bars, Entertainment Centers, Resorts, and Homes: Attracts players of all ages in small spaces, offering fun and profitability.

ATTRACTIVE

Easy and Accessible for Everyone: No special balls or shoes required. The adaptable scoring system and simplicity make it ideal for both children and adults.

IMPACTFUL

Create an Unforgettable Experience that builds customer loyalty. Its design can be easily incorporated into various settings or interior design styles.

RENTABLE

Increase Revenue by attracting groups of all ages, boosting sales, and encouraging repeat visits. Configurable and automated.

AUTONOMOUS

Minimal Maintenance Required: Its compact and durable system allows for simple operation without technical complications.

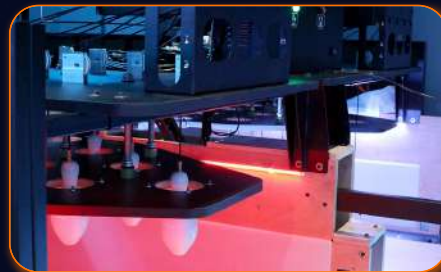

Flying
OFFICIAL DISTRIBUTOR

GUARANTEED

With over 12 years in the industry, Flying optimizes bowling in less space, facilitating maintenance and increasing accessibility.

DUCKPIN BOWLING

Flying Smart Duckpin Bowling (FSDB) is highly challenging and attractive. Ideal for small venues such as bars, billiard halls, entertainment centers, etc. Thanks to its compact design and easy installation, FSDB will encourage more people to participate in bowling and keep them playing for a long time.

FEASIBILITY

Duckpin Requires Little Space to maximize profits with minimal surface area. It is so fun and visually appealing that players cannot help but play more games each time.

UNIVERSAL

Duckpin, with its short lanes, small 120mm diameter balls, and no need for an approach area, makes bowling more accessible to the general public. With Duckpin, both adults and children can easily and happily play bowling without needing professional shoes. This comfortable and enjoyable experience will provide more positive sensations to players.

EFFICIENCY IN PROFITS

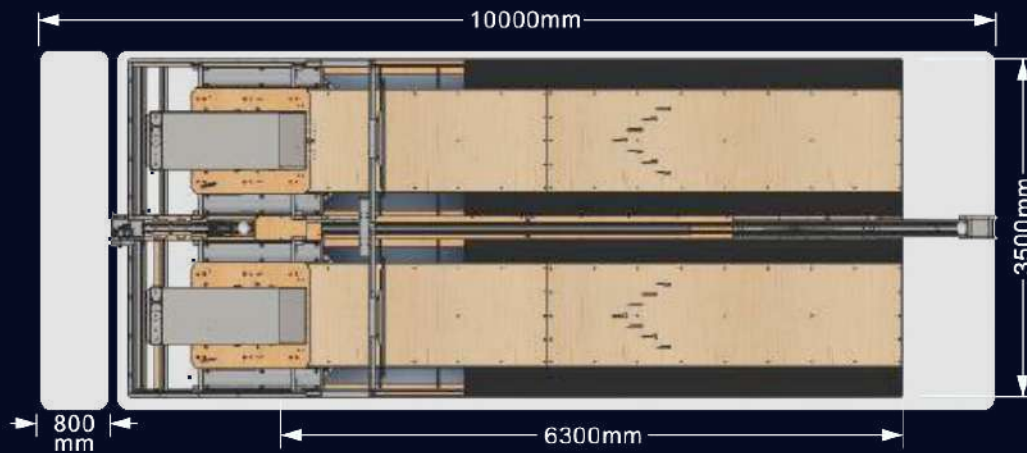

Duckpin can help buyers maximize their space, leverage the advantages of bowling, and facilitate the initiation, control, and maintenance of their bowling business.

ADAPTABILITY

With societal development, there are increasingly more forms of entertainment, and customers seek highly social and fun projects. Duckpin creates an unprecedented experience and establishes its own customer group. The Duckpin design is relatively simple and can be seamlessly integrated into different decorative styles of venues.

INNOVATION IN COMPETITIVE ENTERTAINMENT

They offer a social and competitive entertainment experience that attracts customers with its stylish design and striking lights. With intelligent operation and no need for staff, these bowling alleys maximize consumption and reduce labor costs.

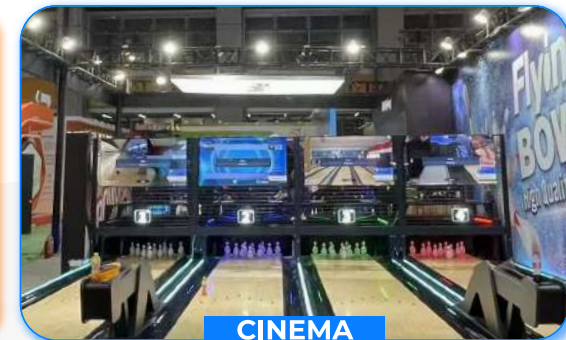

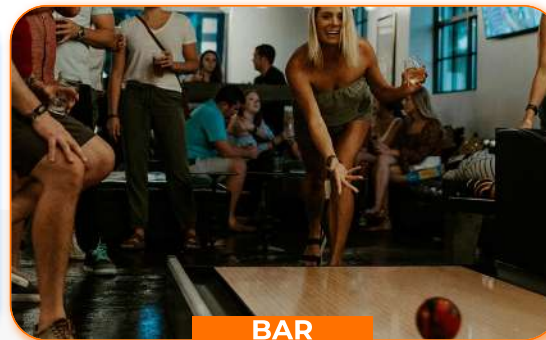

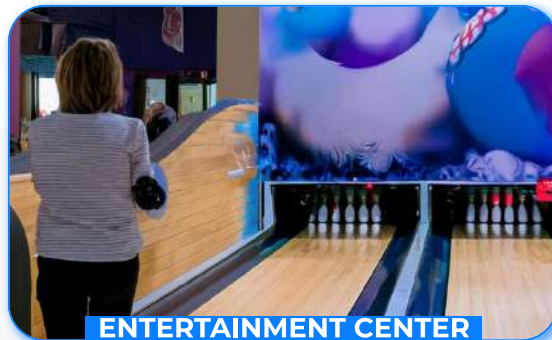

↔ Long	9,13 m (personalizable)	↑↓ Widht	3,48 m (2 carriles)	↑↓ Height	2,25 m (2 carriles)

BEST 2025 LEISURE PRODUCT FOR HOTELS, PUBS, RESTAURANTS

Duckpin Bowling combines innovation with a design accessible to all ages. This modern version of traditional bowling enhances the gaming experience and suits all types of audiences and settings.

LANES

DURABLE AND AESTHETIC

Duckpin lanes are the same width as standard ones but are shorter and have no approach area. This makes the rolling distance accessible and enjoyable for the whole family.

BALLS

COMPACT DESIGN

Duckpin balls have no holes and are smaller than traditional bowling balls, with a manageable weight. This hole-free design allows for an easy grip and is ideal for players of all ages.

PINS

PRECISION AND DURABILITY

Duckpin pins are shorter and wider than standard bowling pins, increasing the challenge. Their design requires greater precision to knock them down, offering a unique and fun gaming experience.

BALL RETURN

FAST BALL FLOW

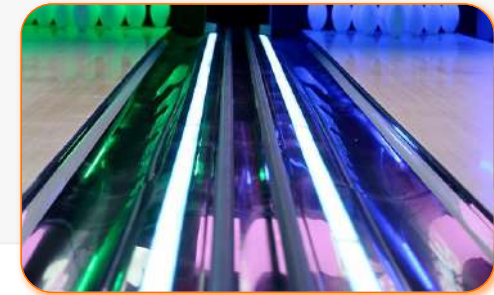

The Duckpin ball return system is compact and quiet, returning balls quickly. Storage shelves are adapted to secure Duckpin balls between throws.

TOUCH SCREENS

TOTAL CONTROL

Touch screens allow players to manage scores and game settings. Advanced models offer interactive animations, enhancing the entertainment experience.

PLATFORM LIGHTING

VISUAL ATTRACTION

The LED lights on the platform illuminate the approach area and adjust according to the event, enhancing the ambiance and setting the tone of the game.
