## THE CHALLENGE OF SPEED AND PRECISION

*Conquer the west with precision and speed. The perfect arcade machine to attract customers and ensure hours of entertainment. Ideal for any entertainment center!*

Fast Gunman is an exciting western-style arcade machine that combines fast action and precision in every shot. Designed for a single player or to compete with up to 4 people through multiplayer connection, this electromechanical game challenges you to knock down moving three-dimensional bottles before time runs out or bullets do. With bonus rounds and increasing difficulty levels, Fast Gunman provides an immersive experience where every shot counts.

**Aim and shoot** quickly at the bottles using available bullets within the time limit, up to 8 phases. Option for repurchase.

**Payment System:** Equipped with a multi-currency mechanism. Digital payment available, fast, compatible, and secure via DigiPay.

**Single-player cabinets**, with the possibility of connecting up to 4 booths through the multiplayer link header.

## CHALLENGES FOR EVERY PLAYER

### MULTIPLAYER COMPETITION

Connect up to 4 machines to play in competitive mode, and compete with friends and family to see who has the best aim!

### REALISTIC GAME

Fast Gunman brings back the authentic experience of old shooting gallery games, with three-dimensional bottles that "break" when shot.

### INCREASING CHALLENGES

With 8 game levels that increase in difficulty, facing moving targets and shorter times will make you improve with each game.

### COMPACT CABINET

A compact design that fits any space, with discreet LED lighting and biohazard-themed art.

## UNIQUE EXPERIENCE FOR ALL AGES

Fast Gunman is a perfect option for entertainment centers seeking a unique experience for all ages. With its combination of advanced technology, multiplayer connectivity, and authentic electromechanical design, this arcade shooting game guarantees hours of fun and excitement. Its compact cabinet, adjustable settings, and compatibility with payment systems make it an attractive option for both players and operators.
