

ULTIMATE BIG PUNCH

ULTIMATE BIG PUNCH is a strength-testing machine designed to deliver a precise and visually striking competitive experience. Thanks to its high-sensitivity electronic measurement system, every punch is accurately recorded, encouraging players to push their limits and compete for the highest score.

Its digital display shows results and records in real time, while RGB LED lighting and the sound system create a dynamic environment that attracts attention even from a distance. The reinforced, non-slip base provides stability and safety during use, ensuring reliable performance even during intense sessions.

WEIGHT: 195 KG
PLAYER CAPACITY: 1 PLAYER
DIMENSIONS: W100 × D125 × H210 CM
VOLTAGE: 220 V
POWER: 346 W
