

BASEBALL JUMP

Baseball Jump is a baseball-inspired redemption arcade game that combines reflexes, precision, and fun in a colorful format accessible to all ages. Its cartoon-style design, enhanced with multicolor LED lighting, creates an attractive visual environment that instantly draws attention in any game area.

The gameplay is simple and intuitive: the player presses a single button to launch the ball, which bounces and drops into different scoring holes. Each hole awards a different value, adding excitement and strategy to every attempt, with the chance to win a super prize or jackpot. The upper digital scoreboard displays the score in real time, encouraging competition and repeated plays.
