

DREAM BRIDGE

Dream Bridge is a fun and dynamic redemption arcade game that challenges players' coordination and timing. The objective is to launch the balls with precision so they pass through different obstacles and land in the correct scoring zones, accumulating the highest number of points within the game time.

Its colorful theme and LED visual effects create an attractive atmosphere that captures attention from the very first moment. With simple yet addictive mechanics, Dream Bridge encourages players to repeat rounds to improve their score and win more tickets.

Dream Bridge combines fast gameplay, strong visual impact, and high turnover, making it a standout attraction in any entertainment venue.
