

MONSTER SNIPER

Monster Sniper is a shooting arcade game that combines precision, reflexes, and plenty of action in a visually striking and easily recognizable environment. The objective is to aim and shoot at the right moment to hit the targets that appear on screen and achieve the highest possible score.

Throughout the game, players face dynamic targets and random appearances that trigger special modes and new reward opportunities. Each consecutive hit unlocks surprises such as extra time, score multipliers, or bonus rounds that keep the tension high and encourage continuous replay.
